

# GROVE BANK & TRUST

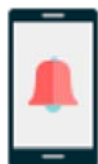

## Control & Protect your Debit Card from your Smartphone

**MobiMoney** puts card control in the palm of your hand. MobiMoney is an added layer of security that allows you to monitor and manage your Grove Bank & Trust debit card anytime, anywhere so you can stay on top of your finances at all times.

### Turn your card on or off instantly with a single swipe.

Lost your card? No problem. Just log into your MobiMoney app and turn your debit card off. When you find it, you can easily turn it back on.

### Get instant alerts when your card is used.

Set your alerts by merchant type, spend limit, or transaction type (Internet, Phone orders, or ATM transactions).

### Restrict Usage

Set spending limits, restrict usage, or transaction by type of merchant (gas stations, department stores, restaurants, etc.)

### Enable or Disable Transactions Based on Location

Simply enable or disable transactions by geographic location including out of state and international transactions.

### Spending Alerts and Spending Limits

Set spending alerts so you'll be notified when a card transaction takes place above a specified limit. You can also set spending limits so you can't spend more than budgeted.
